Conditions: These warranties are subject to change without notice.

*Labour warranty coverage is for a period of 1 year from date of installation. Valid labour warranty claims will be paid using your door rate and labour hours from the most recent Mitchell Labour Guide. If Mitchell Warranty Time is not available, Par Source will use Mitchell's "Labour Time".

†Labour warranty coverage is for a period of 90 days from the date of installation.

The program is offered to customers who meet the minimum average monthly purchase level. Bulk fluid and equipment do not qualify toward achieving minimum average monthly purchase level. Customers purchasing less than the average monthly purchase level still qualify for the manufacturer's warranty on parts provided, as applicable. Contact your local Par Source store or Area Sales Manager for the current minimum average monthly purchase level. Customers must provide Par Source the original repair work order, the replacement work order, and the defective part. The replacement part must be purchased from Par Source. Must be an active commercial customer to qualify. To be eligible all accounts must be current with their accounts receivable. Product, service availability, and selection may vary by store. These warranties are subject to change without notice. Although extensive measures are taken to ensure accuracy, Par Source reserves the right to correct typographical or illustrative errors.
